

The State of Texas
County of Fayette

Before me, the undersigned Notary Public in and for the County aforesaid this day personally appeared

William A. Harris, who being duly sworn according to law says that Jackson C. C. Smith, was a member of the expedition in the Spring of the year 1842, known as the Vasquez Campaign, in the service of the Republic of Texas, against the Mexicans; that affiant was also a member of said expedition and knows personally of the service of said Smith, and that affiant is disinterested in making this affidavit.

And on the same day said Smith declared before me ~~that~~ that he is the identical man who performed said service and that he appoints Webb Harcourt to demand receive and receipt for the Certificate for the amount due him and upon the same to draw and receipt for the money, when an appropriation is made.
