To His Excellency

M. B. Lamar, Esq.

Sir,

At the request of my friend Mr. Miguel Aldrete, I apply to your Excellency for a passport for him to go to the Rio Grande in Mexico, and visit his friends and relatives in the vicinity of Comargo & Matamoros, the intermediate points, for the purpose of settling private business of great importance to him and his family, and without which he must be very materially injured by the delay of the payment of money claims to money due from Citizens of that country to him, and he will go and return home to his family with all possible dispatch.

The unhappy state of things in that country, makes it important for any citizen of this Republic, having claims, to have them as speedily closed as possible. No. 8. is an old Citizen of Goliad,formerly was a Deputy, and Land Commissioner there, but Nacogdoches. He requests that your Excellency would order the passport to be indorsed to me, at Gonzales. I then to forward the Same to him.

Respectfully your friend

James W. Robinson
