

# Texas Investigates:

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

## Details of Governor Connally's Damaged Clothing

This document is meant to complement the exhibit in the lobby of the Texas State Library and Archives Commission, on display from October 2013 to February 2014, of records and items related to the Texas investigations into the events of November 22, 1963 in which President John F. Kennedy was assassinated and Texas Governor John B. Connally was injured by gunfire. The suit worn by Governor Connally that day is included this exhibit and this document offers detailed images and measurements of the damage it sustained that day 50 years ago.

### Table of contents

# Texas Investigates:

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

## Shirt label

### Shirt label reads (in part):

DORSET FC  
ARROW MITOGA GW  
A6863 16 35 14

## **Texas Investigates:**

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

### Shirt back (right shoulder)

Distance of bullet hole below the back shoulder seam = 4 ½ inches

Distance of bullet hole to the left of the right arm back seam = 1 ¼ inches

Bullet hole dimensions = ¾ x ¾ inches

## Texas Investigates:

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

### Shirt front (right chest)

**Distance of bullet hole below the front shoulder seam** = the left side (higher side) of the hole is 9 ½ inches below the seam; the right side (lower) is 10 ¼ inches below the seam

**Distance of bullet hole to the left of the right-side underarm seam** = 5 ¼ inches

**Bullet hole dimensions and description** = the horizontal tear is 1 ½ inches long and sits at a diagonal with the left side of the hole being higher; the horizontal tear is accompanied by long vertical tears (along the grain) on either side: the vertical tear on the left side is 1 ¾ inches long and the vertical tear on the right side is 1 ¼ inches long

## **Texas Investigates:**

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

### Shirt sleeve (right arm)

**Distance of bullet hole above the seam attaching the cuff to the sleeve = -0 inches (sits directly on/above the seam)**

**Distance of bullet hole to the right of the seam defining the cuff opening = 1 inch**

**Bullet hole dimensions and description = vertical tear (along the grain)  $\frac{3}{4}$  inches long**

## Texas Investigates:

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

### Shirt cuff (right arm)

**Distance of bullet hole above the fold of the cuff = 1 inch; also 1 inch below the top of the cuff**

**Distance of bullet hole to the right of the seam defining the cuff opening = 5 ¼ inches; also 3 ¾ inches from the left of the cuff opening**

**Bullet hole dimensions and description = jagged, generally horizontal tear ¾ inches long**

# Texas Investigates:

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

## Jacket back (right shoulder)

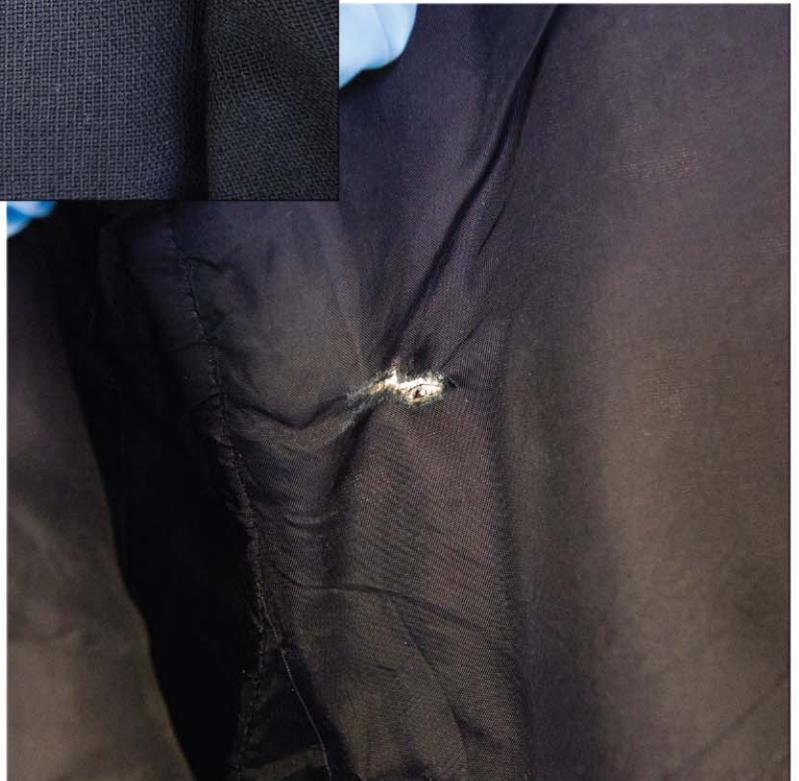

Distance of bullet hole  
below the shoulder seam =  
5 inches

Distance of bullet hole to  
the left of the right arm  
back seam =  $\frac{3}{4}$  inches

Bullet hole dimensions =  
 $\frac{1}{2}$  inches wide;  $\frac{1}{4}$  to  $\frac{3}{8}$   
inches high

## Jacket inside back

# Texas Investigates:

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

## Jacket front (right chest)

Distance of bullet hole  
below the shoulder seam =  
13 inches

Distance of bullet hole to  
the left of the right  
underarm seam = 6 ¼  
inches

Bullet hole dimensions = ¾  
inches wide; ½ inches high

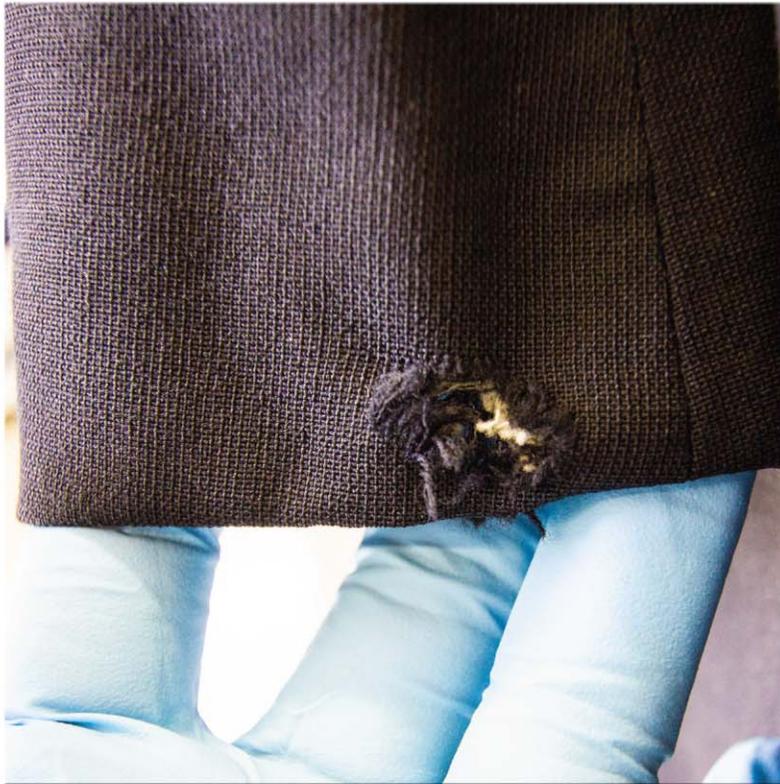

## Jacket inside front

## Texas Investigates:

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

### Jacket sleeve (right arm)

Distance of bullet hole from the finished wrist fold =  $\frac{3}{16}$  to  $\frac{1}{16}$  inches

Distance of bullet hole from the underarm sleeve seam =  $\frac{1}{2}$  inches

Bullet hole dimensions =  $\frac{1}{2}$  inches wide;  $\frac{3}{8}$  inches high

# Texas Investigates:

The Assassination of President John F. Kennedy  
and Wounding of Governor John B. Connally

## Pants leg (left leg)

Distance of bullet hole from the cuff bottom =  $19 \frac{1}{8}$  inches

Distance of bullet hole from inner leg seam =  $2 \frac{1}{2}$  inches

Bullet hole dimensions =  $\frac{3}{8}$  inches wide;  $\frac{1}{4}$  inches high
