This grant program provides funds for programs that establish or enhance cooperative services among libraries that are members of the TexShare Library Consortium or the Texas Library System, or these libraries and community organizations. Programs must emphasize improved services by the participating entities to their customers and be designed as a multi-year cooperative program. These programs must also meet one of the following LSTA goals as identified in the Texas LSTA 5 Year Plan (www.tsl.texas.gov/sites/default/files/public/tslac/ld/pubs/lstaplan/LSTA2013_Final.pdf):

Needs

- Texans of working age need access to resources and services for business and workforce development in order to prosper.

Goals

- Texans and Texas communities will have access to Internet-connected resources and services through Texas libraries to meet community and personal goals and the support they need to use them successfully.
- Texans will enhance their business and workforce development, including entrepreneurial endeavors, through the use of materials and services at their libraries.

Programs may be in the following categories:

- 1) Expand services for learning and access to information & educational resources in a variety of formats
- 2) Develop library services that provide all users access to information through local, state, regional, national & international electronic networks
- 3) Provide electronic and other linkages between and among all types of libraries
- 4) Develop public & private partnerships with other agencies and community-based organizations

The purpose is not for collection development or other activities primarily focused on the acquisition of library materials or resources, or digitization projects.

Project Development and Draft Review

The Texas State Library and Archives Commission (TSLAC) recommends that applicants discuss their projects with TSLAC staff before developing a proposal. TSLAC staff members are available to help throughout application development and in determining the best grant program for your project. For more information, **contact Erica McCormick at 512-463-5527 or via e-mail at emccormick@tsl.texas.gov**.

TSLAC also strongly encourages applicants to send a draft of the proposal to TSLAC for staff for review. To allow adequate time to review the draft proposal, submit the draft **by Wednesday, February 17, 2016**. TSLAC has created a grant application draft template (Microsoft® Word®) (tsl.texas.gov/ld/funding/index.html) for convenience.

Grant Management System (GMS) Guidelines and Forms

TSLAC uses a grant management system or GMS that enables applicants to apply for grants electronically through a web portal. Applications must be submitted in GMS by the due date in order to be eligible for consideration. Access to the GMS will open in mid-February 2016. Instructions for submitting an application via the GMS will be provided via webinar and in writing at that time. To receive direct notice of the availability of the GMS and webinar, please send an e-mail to ld@tsl.texas.gov and enter “2017 grants” in the subject line. TSLAC has created a grant application draft template (tsl.texas.gov/ld/funding/index.html) that applicants can use to prepare a draft of their proposal which can then be used to populate the online application once available.

If needed because of difficulty using the Internet or for other accessibility reasons, potential applicants may request paper copies of materials from Erica McCormick, TSLAC Grants Administrator, at 512-463-5527, via e-mail at emccormick@tsl.texas.gov.

Application Components

The grant application consists of the following components to be submitted in GMS (unless noted):

1. Application certification
2. Budget
3. Program narrative
4. Children’s Internet Protection Act (CIPA) acknowledgment
5. Pre-award assessment
6. Letters of cooperation (if applicable) — If the project is collaborative in nature, letters of cooperation indicating commitment of time, funds, volunteers, or other resources must be submitted from all participating agencies. Correspondents may mail letters directly to TSLAC.
7. Letters of support (optional) — A maximum of three (3) letters of general support may also be submitted. Correspondents may mail letters directly to TSLAC.

Other requirements

Before submitting an application, the applicant organization must have a current and active D-U-N-S® Number and SAM.gov (System for Award Management) registration. Check your materials and registrations well in advance of the application deadline to ensure that they are accurate, current, and active.

If your D-U-N-S® and SAM registrations are not active and current at the time of submission, your proposal will be rejected; if they are not active and current at the time of an award, your proposal cannot be funded.

Information on how to obtain a DUNS number may be found on D&B's website (fedgov.dnb.com/webform) or by calling D&B, toll-free, at 866-705-5711. Information regarding SAM registration may be found at www.sam.gov. Obtaining a DUNS number and registering in SAM.gov is free.

Who can submit the online application?

Any individual authorized to use GMS and having the correct security role will be able to submit the application in GMS. Applicants will still be required to submit the signed application certification in GMS. The application certification must be signed by an individual authorized to enter into contracts with the State of Texas (e.g., county judge, city manager, etc.).

Deadline and Submission

Completed applications and ***all*** required documents must be submitted in GMS **by 11:59 p.m. Central Time, Friday, March 11, 2016**. *Please be advised that technical support will not be available after 5 p.m., Friday, March 11, 2016.*

In the event that you are unable to submit your application and/or required documentation via GMS, you may submit documents via mail, e-mail, or fax. Please send to the attention of: **2017 Grants, Library Development & Networking Division**, via e-mail to ld@tsl.texas.gov, fax at 512-936-2306, or mail to Library Development & Networking Division, TSLAC, P. E. Application Review Information

Criteria for Award

This grant program is competitive. The Library Services and Technology Act (LSTA) Grant Review Panel will score proposals on the eight criteria listed below (13 TAC §2.612). The maximum number of points for each category is shown. The detailed scoring rubric that will be used by the LSTA Grant Review Panel is also included on the following pages.

It is expected that all parties in a collaborative partnership contribute resources (time, staff, resources, etc.) that go above and beyond their usual operating activities. **Provision of financial support only does not constitute formal cooperation, but can be used as evidence of local support for the project. Additionally, contractual/vendor relationships are not considered as cooperative relationships.**

1. Needs Assessment (15 points)

Describe why the program is needed, the program goals, and the targeted audience. Describe the greater community to be served using demographic statistics, library records, or surveys to support these statements. Attach letters of cooperation demonstrating commitment to the project from all agencies involved.

2. Program Design (20 points)

Thoroughly describe the services, programs, and activities; describe the location where they will be offered; and explain how these services will attract shared library users. Collaborative projects have priority and inclusion of relevant community organizations is encouraged.

3. Project Impact (15 points)

Describe the impact your project will have on library services and users regionally or statewide. This may include how the proposed project is a model program that would benefit other communities.

4. Personnel (5 points)

Identify who will administer the funds and which positions will provide the services. List how much time will be spent in each position on assigned duties. List how the qualifications of each person relate to their job duties. Full job descriptions are required for new hires.

5. Timetable (5 points)

Present a timetable for project activities within the project year (state fiscal year) (i.e., a list of actions with a date by which they will be accomplished). Provide verification that facilities will be available, equipment and materials delivered; and explain how staff will be hired and trained in time to carry out the services as planned.

6. Evaluation (10 points)

Set achievable, measurable outcomes and present a reasonable method to collect data. Present a method to count users of the services, as well as measure the effectiveness of the service. Funded programs will be required to use outcomes-based evaluation methods and submit a completed IMLS Outcomes Logic Model template, which is downloadable from the application screen in the online application system (GMS). Funded programs will also be required to evaluate their programs in accordance with Legislative Budget Board (LBB) measures.

7. Budget (20 points)

Provide a complete budget for the proposed project and fully justify the budget by describing how budgeted items will contribute to the project; identify a source for the stated costs (e.g., city pay classification for staff, catalog, city/county bid list for equipment, or vendor quote); costs are reasonable to achieve project objectives. If new staff members are to be employed, grant applicants should take into account the time for a realistic hiring process to occur. There is no requirement for cost sharing, matching funds, or cost participation with this grant program.

8. Sustainability (10 points)

Describe the resources that will be used to support the services developed through the grant in the future. A written commitment of future support from governing bodies is desirable, but not required.

9. Extra (4 points)

Projects that initiate or expand the sharing of library materials using a shared library automation system will receive up to 4 additional points. If the project is to implement or expand a shared library automation system, that system must implement a Z39.50 server, or a "Search and Retrieval by URL" (SRU) server.

Peer Review (13 TAC §2.113)

- (a) The commission may use peer review panels to evaluate applications in competitive grant programs.
- (b) The director and librarian may select professionals, citizens, community leaders, and agency and library staff to evaluate grant applications. Peer reviewers must have appropriate training or service on citizen boards in an oversight capacity and may not evaluate grant applications in which there is, or is a possible appearance of, a conflict of interest.
- (c) The agency staff will distribute selected applications to reviewers and will provide written instructions or training for peer reviewers. Reviewers must complete any training prior to reviewing applications.
- (d) The reviewers score each application according to the review criteria and requirements stated in the grant guidelines.
- (e) Each peer review evaluation of an application for competitive grants shall be appropriately documented by the peer reviewer conducting the evaluation. The documentation shall include the scores assigned by the peer reviewer. The peer reviewer may also include comments that may be shared with the applicant.
- (f) To be eligible for review, each application must be submitted by the specified deadline with all required components and all necessary authorization signatures.

Funding Decisions (13 TAC §2.114)

- (a) The agency staff will submit a recommended priority-ranked list of applicants for possible funding. Final approval of a grant award is solely at the determination of the Texas State Library and Archives Commission.
- (b) Applications for grant funding will be evaluated only upon the information provided in the written application.
- (c) The agency staff may negotiate with selected applicants to determine the terms of the award. To receive an award, the applicant must accept any additional or special terms and conditions listed in the grant contract and any changes in the grant application.
- (d) The agency staff will notify unsuccessful applicants in writing.

Awarding of Grants (13 TAC §2.115)

The commission has the right to reject applications or cancel or modify a grant solicitation at any point before a contract is signed. The award of any grant is subject to the availability of funds.

TSLAC Staff Responsibility (13 TAC §2.117)

The Texas State Library and Archives Commission (TSLAC) staff will review each application packet for the following:

- Legal eligibility of the institution to participate in this grant program and appropriate authorizing signature
- Conformance to the federal and state regulations pertaining to grants
- Inclusion of unallowable costs
- Errors in arithmetic or cost calculations
- Submission of all required forms
- Compliance with submission procedures and deadlines
- Relevance and appropriateness of the project design and activities to the purpose of the grant program

Agency staff will raise issues and questions regarding the needs, methods, staffing, and costs of the applications. Staff will also raise concerns regarding the relevance and appropriateness of the project design and activities to the purpose of the grant program. Staff comments will be sent to the grant review panel with the applications for consideration by the panel.

Applicants will be sent a copy of the staff comments to give applicants an opportunity to respond in writing. Applicants may not modify the grant proposal in any way; however, applicants' responses to staff will be distributed to the panel.

Applications with significant errors, omissions, or eligibility issues will not be rated. Applications in which the project design and activities are not relevant and appropriate to the purpose of the grant program will be ineligible.

Agency staff will be available to offer technical assistance to reviewers.

Grant Review Panel Responsibility (13 TAC §2.117)

Applications will be scored using the following process:

- (1) The peer reviewers will review all complete and eligible grant applications forwarded to them by agency staff and complete a rating form for each. Each reviewer will evaluate the proposal in relation to the specific requirements of the criteria and will assign a value, depending on the points assigned to each criterion.
- (2) No reviewer who is associated with an applicant or with an application, or who stands to benefit directly from an application, will evaluate that application. Any reviewer who feels unable to evaluate a particular application fairly may choose not to review that application.
- (3) Reviewers will consider and assess the strengths and weaknesses of any proposed project only on the basis of the documents submitted. Considerations of geographical distribution, demographics, type of library, or personality will not influence the assessment of a proposal by the review panel. The panel members must make their own, individual, decisions regarding the applications. The panel may discuss applications. The panel's recommendations will be compiled from the individual assessments, not as the result of a collective decision or vote.
- (4) Reviewers may not discuss proposals with any applicant before the proposals are reviewed. Agency staff is available to provide technical assistance to reviewers. Agency staff will conduct all negotiations and communications with the applicants.
- (5) Reviewers may recommend setting conditions for funding a given application or group of applications (e.g., adjusting the project budget, revising project objectives, modifying the timetable, amending the evaluation methodology, etc.). The recommendation must include a statement of the reasons for setting such conditions. Reviewers who are ineligible to evaluate a given proposal will not participate in the discussion of funding conditions.
- (6) Reviewers will submit their evaluation forms to the agency. In order to be counted, the forms must arrive before the specified due date.

Decision Making Process (13 TAC §2.118)

To be considered eligible for funding by the commission, any application must receive a minimum adjusted mean score of more than 60 percent of the maximum points available. To reduce the impact of scores that are exceedingly high or low, or otherwise outside the range of scores from other reviewers, agency staff will tabulate the panel's work using calculations such as an adjusted mean score.

- (1) Applications will be ranked in priority order by score for consideration by the commission.
- (2) If insufficient funds remain to fully fund the next application, the staff will negotiate a reduced grant with the next ranked applicant.
- (3) If the panel recommends funding an application that, for legal, fiscal, or other reasons, is unacceptable to the staff, a contrary recommendation will be made. The applicant will be informed of this situation prior to presentation to the commission and may negotiate a revision to the application. A positive recommendation to the commission will be contingent upon successfully completing these negotiations prior to the commission meeting.

- (4) If the panel is unable to produce a set of recommendations for funding, the agency staff will use the same evaluation procedures to develop recommendations to the commission.

Multiple Applications (13 TAC §2.119)

Applicants for competitive grants may submit more than one grant application for different projects, in different grant programs. Applicants may not submit the same, or nearly the same, application in more than one grant category. Applicants may submit more than one grant application for a grant program if the grant program has specified categories for application and the proposals submitted are not the same, or nearly the same, project.

Scoring Rubric

Project Scoring Total in Eight Areas: 100 points		
<p>Relevance and appropriateness of the project design and activities to the goals and purpose of the Library Cooperation grant program will be considered in the scoring of all criteria. Applicants present a method to count users of the services as well as measure the effectiveness of the service.</p> <p>Note: Some projects lend themselves to outcomes-based evaluation (OBE) better than others. Protest Procedure — Texas State Library and Archives Commission, 13 TAC §2.55

- (a) An aggrieved person who is not satisfied with a decision, procedure, or service received from the staff of the Texas State Library and Archives Commission or who is an actual or prospective bidder, grantee, or contractor aggrieved in connection with a solicitation, evaluation, or award may file a protest with the Director and Librarian in accordance with this rule.
- (b) A protest must be submitted to the Director and Librarian within 21 days after the person knows or should have known of the matter which is protested. The Director and Librarian has the discretion to allow a protest filed after 21 days if the protestant shows good cause for the late filing or if the protest raises an issue significant to the general policies and procedures of the commission.
- (c) The protestant shall mail or deliver a copy of the protest to all interested persons. The Director and Librarian will furnish a list of interested persons to a protestant. For protests of a competitive selection (bid, contract, or grant), interested persons shall include all persons who have submitted a bid, proposal, or application.
- (d) A protest must be in writing and identified as a protest under this section, and contain the following:
 - (1) A description of the protestant's interest in the matter
 - (2) The issue(s) to be resolved and remedy(s) requested
 - (3) The protestant's argument supporting the protest, including a statement of relevant facts and applicable law, specifying the statutes, rules, or other legal authority alleged to have been violated
 - (4) The protestant's affirmation that facts set forth in the protest are true
 - (5) A certification that a copy of the protest has been mailed or delivered to all interested persons
- (e) Upon receipt of a protest conforming to the requirements of this section, the commission shall not proceed with the solicitation, award, or contract until the protest is resolved, unless the Director and Librarian makes a written determination that delay would harm the substantial interests of the state.
- (f) The Director and Librarian has the authority to decide, settle, or resolve the protest and will make a written determination. The Director and Librarian may solicit written responses to the protest from other parties. The Director and Librarian shall inform the protesting party and other interested parties by letter of his determination, and how to appeal the determination to the commission.
- (g) An interested party may appeal the determination of the Director and Librarian. An appeal must be in writing and conform to paragraphs (1) - (3) of this subsection:
 - (1) The appeal must be received in the office of the Director and Librarian no later than 15 days after the date the determination is mailed to interested parties;
 - (2) A copy of the appeal must be mailed or delivered by the appealing party to all interested parties and contain a certification of mailing or delivery;
 - (3) The appealing party must state whether or not an opportunity is requested to make an oral presentation to the commission in open meeting.
- (h) The Director and Librarian shall refer the matter to the commission for their consideration at an open meeting.

- (i) The chair of the commission has the discretion to allow an appeal filed more than 15 days after the Director and Librarian's determination if the appealing party shows good cause for the late filing or if the appeal raises an issue significant to the general policies or procedures of the commission.
- (j) An interested party may file a response to an appeal of the determination of the Director and Librarian no later than seven days after the appeal is mailed or delivered.
- (k) Copies of the appeal and responses of interested parties, if any, shall be mailed to the commission by the Director and Librarian.
- (l) The chair of the commission has the discretion to decide whether or not a request for oral presentations will be granted and will set the order and amount of time for oral presentations that are allowed. The chair also has the discretion to decide whether presentations and written documents presented by Commission staff and interested parties will be allowed.
- (m) The commission will determine properly filed appeals and make its decision in open meeting. The commission shall vote to uphold or reverse the decision of the Director and Librarian. Failing a majority vote of a quorum of the commission, the Director and Librarian's decision is upheld. The commission's decision is final and not subject to judicial review under the statutes governing the commission.
- (n) A decision issued either by the commission in open meeting or in writing by the Director and Librarian shall be the final administrative action of the commission.
- (o) Documentation concerning a protest of a competitive selection is part of the commission's records series for that selection and is retained in accordance with the commission's approved records retention schedule.
