

## Library Science Collection Resources for Tech Training

The Texas State Library & Archives Commission maintains a working Library Science Collection of professional books, DVDs, and journals serving Texas librarians in all kinds of libraries. Most loans travel by mail, and the only cost to this service is the responsibility of return postage at the library mail rate.

The following titles provide information related to offering technology training for patrons and implementing technology solutions at your library. Contact [lsc@tsl.state.tx.us](mailto:lsc@tsl.state.tx.us) to borrow these titles or inquire about other available resources for any topic related to library science, including free CE options.
