

CRIME REPORT

CITY POLICE DEPARTMENT

At 8:55 pm the staff at the Public Library noticed the theft of one of their Summer Reading Club prizes.

A library staff member went into the back storage area to retrieve 6 dozen Gangster Hats and could not locate them. A search of the premises turned up a red beret, two cowboy hats and a sombrero, but the Gangster Hats had mysteriously disappeared.

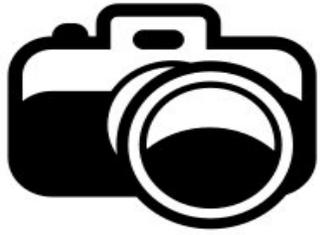

Investigators found a small window in the storage area propped open. Interviews with library staff members lead investigators to conclude that the window was left accidentally unlocked.

Local investigators asked state officials if there were any known criminals in the area the night of the theft.

Officials released the following names and mug shots of known criminals who were recently spotted in the area:

*Al Capone
Bonnie Parker
Clyde Barrow
Frank Costello*

SURVEILLANCE REPORT

SURVEILLANCE REPORT

Flowers and balloons were delivered by a local Seguin flower shop to Bonnie Parker's College Street residence on July 15th at 8:03 am.

Fearing that the balloons might be a message from partner-in-crime Clyde Barrow, investigators confiscated the balloons before Parker was aware of their arrival.

FBI BULLETIN

Clyde Barrow has fled the state of Texas and is thought to be hiding out in Oklahoma, Arkansas, or possibly Canada.

In past crimes Clyde is known to have worked with his partner Bonnie Parker.

Order surveillance of Bonnie Parker's residence on College Street immediately.

SOLUTION

Bonnie Parker is the thief. The vegetation left at the crime scene matches the vegetation collected from her residence. Also, her partner Clyde implicates her in the hidden message inside the balloons.
