

e-Records Conference 2013

*The annual conference for Texas state government
and institutions of higher education*

**Tuesday, November 5, 2013
Austin, Texas**

Exhibitor Invitation

Reach 250 – 300 Texas government officials involved in the management of electronic records and compliance by exhibiting during this year's annual e-Records Management conference.

Hosted by the Texas State Library and Archives Commission (TSLAC) and the Texas Department of Information Resources (DIR), this dynamic one-day conference is for State of Texas Information Resource Managers (IRM), Records Management Officers (RMO), and others involved in the overlapping issues of these disciplines. It provides an excellent opportunity for your company to meet decision-makers from Texas government who are interested in related products and services.

This year focuses on timely issues such as **Transitioning to Electronic Processes** in areas such as managing electronic records, automating electronic records processes, process improvement, moving from paper to digital, IT and RM working together on government solutions, best practices, and compliance and governance (like HIPAA, e-discovery, etc.).

If you would like to exhibit, please complete the Exhibitor Registration form and return it to DIR. As in previous years, exhibitors will display tabletop exhibits rather than convention style booths. The cost to exhibit is only \$450. Past exhibitors have enjoyed the low cost, easy setup, and informal environment. Space is limited, so register early!

To propose a presenter, please complete the [online proposal form](#) by Monday, June 24.

Please direct any questions to:

Joy Hall Bryant (primary)
Program Manager, IRM Outreach
Texas Department of Information Resources
