

e-Records Conference 2009
**Best Practices for Managing
Digital Information**

Friday, November 6, 2009
Austin, Texas

Exhibitor Invitation

Reach 250 – 300 Texas government officials involved in the management of electronic records and compliance by exhibiting during the annual e-Records Management conference on Friday, November 6, 2009.

Hosted by the Texas State Library and Archives Commission (TSLAC) and the Texas Department of Information Resources (DIR), this dynamic one-day conference is for State of Texas Information Resource Managers (IRM), Records Management Officers (RMO), and others involved in the overlapping issues of these disciplines. It provides an excellent opportunity for your company to meet staff from Texas government who are interested in related products and services.

The 2009 agenda focuses on managing governmental digital information assets and will take a look at real world examples of government entities that have met the challenge and are successful in accomplishing this important task.

If you would like to exhibit, please complete the Exhibitor Registration form and return it to DIR. As in previous years, exhibitors will display tabletop exhibits rather than convention style booths. The cost to exhibit is only \$395. Past exhibitors have enjoyed the low cost, easy setup, and informal environment. Space is limited, so register early!

If you are interested in sponsorship opportunities, or if you have any questions, please contact one of the following DIR staff members:
