

Instructions for Completing Form SLR 122

Form SLR 122 must be used by all state agencies to submit an amendment to an approved (certified/recertified) agency records retention schedule (Texas Government Code, Chapter 441, §441.185). See form SLR 105C instructions for submission procedures. If you have any questions relating to completion of this form or SLR 105C, please contact the State and Local Records Management Division at (512) 463-7610.

Formatting:

When duplicating this form electronically, leave at least a ¼ inch in the top and left margins. Use 10 point font or larger for the data entered into the schedule. **Please do not use carriage returns within a field**, as this will affect the ability to import the information into TexLinX.

The SLR 122 is formatted to fit letter-sized paper.

Do not change, alter, add or delete any headings or columns in the template.

To freeze the column headings so that they continue to appear at the top of the page as you scroll, click View in the toolbar of the application. Select Normal from the options in the top left. Click to highlight row 4 on the left side of the screen. Click on Freeze Panes under View and select Freeze Panes (do **not** select Freeze Row). To return to the previous format, click Page Layout under View.

Entering Data:

Field 1 Enter the 3-digit code assigned to your agency.

Field 2 Enter the complete name of your agency.

Notes for Fields 3 – 14: New records series: Enter all information for fields 3 – 13; leave field 14 blank.

Changed records series: Enter all information for fields 3 – 14.
