Re: Agency records retention schedule approved for use.

Dear Gloria Meraz,

Lorenzo de Zavala  
State Archives and  
Library Building

Your agency's records retention schedule is approved for use as of June 25, 2018. Your currently approved records retention schedule is available on our website at <https://www.tsl.texas.gov/slrn/state/schedules.html>. Please ensure that all old copies of the schedule are superseded with this recertified copy.

1201 Brazos Street  
Austin, Texas  
78701

Your approved retention schedule provides you with continuing authorization to dispose of agency records according to its terms. Please note that state regulations (13 TAC §6.8) require documentation of the final disposition of records by your agency. This requirement may be met by maintaining a disposition log or other evidence of the records series titles, dates covered, volume, and date of disposition. The destruction of any records of your agency not on your schedule requires special authorization from us.

P.O. Box 12927  
Austin, Texas  
78711-2927

Each agency schedule must be reviewed, updated and submitted for recertification annually for the first two years after the initial approval of the schedule and every five years thereafter. The deadline for submission of your schedule for its next recertification is the last working day of June 2023.

[www.tsl.texas.gov](http://www.tsl.texas.gov)

During a certification period, changes may need to be made to your schedule. State regulations (13 TAC §6.4) also allow for the submission of amendments to the retention schedule as needed to keep the information in the schedule current. If you are not familiar with the amendment process, or if you have any other questions, please contact the Government Information Analyst assigned to your agency, Megan Carey at 512-463-5494 or [mcarey@tsl.texas.gov](mailto:mcarey@tsl.texas.gov).

GEN.020	1.1.057	Transitory Information	Records of temporary usefulness that are not an integral part of a records series of an agency, that are not regularly filed within an agency's recordkeeping system, and that are required only for a limited period of time for the completion of an action by an official or employee of the agency or in the preparation of an ongoing records series. Transitory records are not essential to the fulfillment of statutory obligations or to the documentation of agency functions. Some examples of transitory information, which can be in any medium (voice mail, fax, email, hard copy, etc.) are routine messages; telephone message notifications; internal meeting notices; routing slips; incoming letters or memoranda of transmittal that add nothing of substance to enclosures; and similar routine information used for communication, but not for the documentation, of a specific agency transaction.	AC				AC = Purpose of record has been fulfilled.		CAUTION: Records management officers should use caution in assigning this records series item number to records of an agency to make certain they are not part of another records series listed in this schedule or, for records series unique to an agency, are not part of a records series that documents the fulfillment of the statutory obligations of the agency or the documentation of its functions. The disposal of transitory information need not be documented through destruction signoffs (GEN.034 & 3A.072) or in records disposition logs (3A.046), but agencies should establish procedures governing disposal of these records as part of its records management plan (3A.071).
