Re: Agency records retention schedule approved for use.

Dear Mr. Goggins,

Your agency's records retention schedule is approved for use as of October 11, 2018. Your currently approved records retention schedule is available on our website at <https://www.tsl.texas.gov/slrn/state/schedules.html>. Please ensure that all old copies of the schedule are superseded with this recertified copy.

Your approved retention schedule provides you with continuing authorization to dispose of agency records according to its terms. Please note that state regulations (13 TAC §6.8) require documentation of the final disposition of records by your agency. This requirement may be met by maintaining a disposition log or other evidence of the records series titles, dates covered, volume, and date of disposition. The destruction of any records of your agency not on your schedule requires special authorization from us.

Each agency schedule must be reviewed, updated and submitted for recertification annually for the first two years after the initial approval of the schedule and every five years thereafter. The deadline for submission of your schedule for its next recertification is the last working day of October, 2023.

During a certification period, changes may need to be made to your schedule. State regulations (13 TAC §6.4) also allow for the submission of amendments to the retention schedule as needed to keep the information in the schedule current. If you are not familiar with the amendment process, or if you have any other questions, please contact the Government Information Analyst assigned to your agency, Benjamin Barlow at 512-512-463-5448 or bbarlow@tsl.texas.gov.

Your efforts in developing a records retention schedule are appreciated. It not only helps to ensure the integrity of your recordkeeping practices, but it is also essential to the success of your records management program.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig Kelso".

Some examples, which can be in any medium are: routine messages, telephone message notifications, internal meeting notices, routing slips, incoming letters or memoranda of transmittal that add nothing of substance to enclosures; and similar routine information used for communication, but not for the documentation of a specific agency transaction. The disposal of transitory information need not be documented through destruction authorizations or in records disposition logs, but agencies should establish procedures governing disposal of these records as part of its records management plan.
