Dear Ms. Bates,

Amendment 2 of the 6th recertification of your agency's records retention schedule is approved for use as of **6/5/2023** and may be accessed on our website at <https://www.tsl.texas.gov/slrn/state/schedules>. Please maintain this amendment with your currently approved schedule so that it can be easily referenced.

We appreciate your efforts in maintaining an up-to-date schedule. Making additions and changes to your schedule as you identify them not only ensures the integrity of your recordkeeping practices, but keeps your agency in compliance with state rules (13 TAC §6.4) requiring the submission of any needed amendments to a retention schedule during its certification period to keep the information in the schedule current.

We will notify you of the date your schedule is due for recertification. Any additional approved amendments to your schedule, such as this one, should be incorporated into your main retention schedule prior to submitting it for recertification.

Thank you again for your commitment to complying with state records management laws and regulations. If we can provide any assistance to you, please contact the Government Information Analyst assigned to your agency:

Transitory records are not essential to the fulfillment of statutory obligations or to the documentation of agency functions. Some examples of transitory information, which can be in any medium (voice mail, fax, email, hard copy, etc.) are routine messages; telephone message notifications; internal meeting notices; routing slips; incoming letters or memoranda of transmittal that add nothing of substance to enclosures; and similar routine information used for communication, but not for the documentation, of a specific agency transaction.	AC				AC=Purpose of record has been fulfilled.		CAUTION: Records management officers should use caution in assigning this records series item number to records of an agency to make certain they are not part of another records series listed in this schedule or, for records series unique to an agency, are not part of a records series that documents the fulfillment of the statutory obligations of the agency or the documentation of its functions. The disposal of transitory information need not be documented through destruction signoffs (1.2.001) or in records dispositions logs (1.2.010), but agencies should establish procedures governing disposal of these records as part of its records management plan (1.2.014).
