Chancellor
Texas State University System, Lamar Institute of Technology
200 E. 10th Street, Ste 600
Thomas J. Rusk Building,
Austin, TX 78701

RE: Agency records retention schedule approved for use

Dear Dr. McCall:

Your agency's records retention schedule is approved for use as of November 21, 2016.

Your currently approved records retention schedule is available on our website at <https://www.tsl.texas.gov/slrn/state/schedules.html>. Please ensure all old copies of the schedule are superseded with this recertified copy.

Your approved retention schedule provides you with continuing authorization to dispose of agency records according to its terms. Please note that state regulations (13 TAC §6.8) require documentation of the final disposition of records by your agency. This requirement may be met by maintaining a disposition log or other evidence of the records series titles, dates covered, volume, and date of disposition. We urge on you the importance of disposing of the records of your agency in a timely manner in accordance with the retention periods on your schedule. The destruction of any records of your agency not on your schedule requires special authorization from us.

Each agency schedule must be reviewed, updated and submitted for recertification annually for the first two years after the initial approval of the schedule and every five years thereafter. The deadline for submission of your schedule for its next recertification is the last working day of **December 2012**.

During a certification period changes may need to be made to your schedule. State regulations (13 TAC §6.4) also allow for the submission of amendments to the retention schedule as needed to keep the information in the schedule current. If you are not familiar with the amendment process, or if you have any other questions, please contact the Government Information Analyst assigned to your agency, Erica Wilson, at 512-463-6627 or ewilson@tsl.texas.gov.

Your efforts in developing a records retention schedule are appreciated. It not only helps to ensure the integrity of your recordkeeping practices, but it is also essential to the success of your records management program.

Sincerely,

Craig Kelso
Director and State Records Administrator
