Coronavirus in Texas

<https://www.dshs.texas.gov/coronavirus>

The Department of State Health Services has established this web site for Texans who need information about the virus and about vaccine distribution. You can also contact your County or City Public Health Department for more details about vaccine distribution.

V-Safe

<https://www.cdc.gov/coronavirus/2019-ncov/vaccines/safety/vsafe.html>

V-Safe is a smartphone app that helps you track any symptoms you may experience after taking a COVID-19 vaccine. The app will also remind you when a second dose of the vaccine is needed, if applicable.

COVID-19 Accessible Resources

<https://cidi.gatech.edu/covid>

The Center for Inclusive Design and Innovation at Georgia Tech has set up a microsite for people with disabilities who need resources about COVID-19. Individuals can request information in alternative formats such as braille and accessible PDF's. The site also features coronavirus-related articles, and the Center is producing a series of webinars for people with disabilities about topics related to COVID-19. Past webinars are archived on the site.

NOTE: Please contact the Disability Information and Referral Center (DIRC), a service provided by the Talking Book Program (TBP), for more information on assistive technology resources and on learning disabilities. TBP is a free lending library that provides recreational reading materials in alternative formats for qualified individuals in Texas who cannot read standard print or physically hold a book.
