

★ LIBRARY OF TEXAS

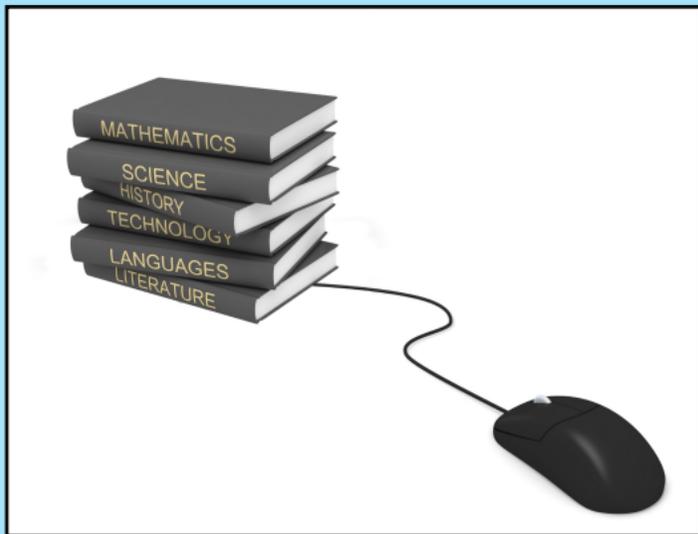

Find books, articles, DVDs and more with the Library of Texas

Discover the information you need quickly and easily with a single search. Find reliable answers to your questions about business, health, hobbies, schoolwork, home improvement, genealogy or other topics at any time of the day or night. Learn how to log in at your local Texas library.

Search Less, Find More

LibraryofTexas.org

To discover books, articles and more in a single search, just follow these steps:

- ▶ Get your TexShare ID and password at your local Texas library. Some library Web sites allow you to log in with your library card and then follow a link to the Library of Texas without logging in again.
- ▶ Search nearby libraries and general collections of articles, or select a specific set of resources to search. Or search all available libraries, TexShare resources and other materials at once!
- ▶ Find books, articles, DVDs, CDs, electronic books, online articles and more.
- ▶ View articles, and e-books, borrow materials in person with your TexShare card, or request materials through Interlibrary Loan.

When you get your TexShare ID and password at your local library, also ask your librarian if you can get a TexShare Card so that you can go to other libraries and borrow materials.

To learn more about TexShare programs go to www.tsl.state.tx.us/texshare.
