2016 Texas Summer Reading Program End-of-Summer Survey

Welcome to the 2016 Texas Summer Reading Program End-of-Summer Survey! Nearly 500 Texas libraries ordered artwork purchased through a grant from the Institute of Museum and Library Services to the Texas State Library and Archives Commission (2016). We ask all participating libraries to complete this survey so that we may report on your programs. All summer long, your library provided programs for children, teens, and adults in your community that enriched their lives and that will help them succeed in school and beyond. As the school year draws near, please take time to rest, reflect, and share about your programs.

Please complete only one survey per library. Library systems with multiple branches are asked to aggregate their responses and submit a single survey for all library locations.

Thank you in advance for completing this survey!

Time to Take: Approximately 10 minutes.

Dates of Survey: August 8 - October 15, 2016
