“This morning [Feb. 2, 2016] was our first day of presenting our Play and Learn Play Date. Boy, was it ever a huge success. I missed a crucial photo op as one young girl rounded the corner into the play area. It was so like a Christmas expression that I just couldn't snap the camera fast enough.”

“Everyone had a blast. The best thing to happen was to see a shy little girl shed her timidness and join in the band with a play piano and drum set.”
