# Evernote – what is that??

- Imagine everything you do could be stored in an unlimited notebook for future use...
- Evernote is essentially a note-taking tool that works WITH you
  - Think of something – create a note from scratch
  - See something on the web – grab it to remember
  - Doing research – search not only the web but those things you've already saved

# Start remembering with an account

## Get started on the web

Create an Account [or Sign in](#)

Email address

Username

Password

Enter the numbers below

By clicking Register, I agree to the [Terms of Service](#) and [Privacy Policy](#).
